STITCH GUIDANCE: UK Terminology

Stitches (st): Stitch abbreviations st or sts stand for "stitch" or "stitches"

Slip Stitch (sl st): Insert hook in st indicated, yarn over and draw through all loops.

Chain (ch): Bring yarn over the hook from back to front and draw it through the slip knot (or previous chain) to form a new loop on the hook.

Chain Space (ch-sp): A chain space is an empty area, gap, or hole in the fabric created by making a specific number of chain stitches and often skipping stitches in the previous row.

Treble (tr): Yarn over, insert hook in indicated st and pull up a loop (three loops on hook), yarn over, pull through two loops, yarn over, pull through remaining two loops on hook.

PATTERN NOTES:

Gauge: 11 tr and 7 rows = 10 cm [3.9"]
Obtaining the correct gauge is not critical for this project.

- The Cedar Hollow Shawl is a top-down triangular shawl created by starting with a small number of stitches at the neck and increasing at both outer edges and the centre spine to form the triangle shape. This method gives you control over the shawl's size and yarn usage.
- **[…]** Repeat section in square brackets until specified
- **(...)** Work all stitches in round brackets in single st or sp

FINISHING

Make 2 tassels using approximately 48 lengths of yarn per tassel of 30cm [11.8in]

- Cut an extra strand of yarn, place it across the centre of the bundle, and tie it tightly—this becomes the hanging loop.
- Lay the bundle flat, then wrap another strand around the top (about 2.5cm / 1in below the loop) to form the tassel neck. Tie securely and tuck the ends inside.
- Trim the bottom to even the tassel, then attach one to each long end of your shawl.
