Sizes

The pattern is written for three adult sizes. The measurements and yarn required (for the hat only) are shown in the table below. An additional ~ 25 m is required for the pom-pom.

Two measurements for height are given. The measurement in **bold** is from the cast-on edge and the measurement in (brackets) is the height when the brim is folded. If you want a larger brim, you will need additional yarn. Measurements are given here in **cm**. The pattern is intended to have ~ 4 cm negative ease (*i.e.,* 4 cm smaller than head circumference).

Size Small

Using 6.5 circular needles and a stretchy cast-on method, cast on 60 stitches. Join the beginning and end of the round ensuring that your stitches are not twisted.

Knit 26 rows in 1x1 twisted rib.

Knit 45 rows in stockinette stitch (as you are knitting in the round, you will knit every stitch).

On the next 2 rows, you will knit 2 stitches together until the end of the round.

After stockinette row 45, you will have 30 stitches.

After stockinette row 46, you will have 15 stitches.

Cut your working yarn leaving a tail of ~ 15 cm.

Using a darning needle, thread this tail through the stitches on your knitting needles and remove the needles. Gently pull the yarn to close the top of the beanie (be especially gentle if you are using roving or unspun yarn).

Add your pompom. When making your pompom, leave a tail of ~15 cm. This will ensure you have sufficient yarn to attach your pompom to the hat. Sew the tail through the last two rounds of knitting ensuring this is tight.

Sew in your ends and block your project.
